

WEEK 2

LET'S TAKE A HIKE! Pictionary GAME

Supplies: Attached List of Words, Drawing Paper, Pencil/Marker or Dry Erase Board with Marker & Eraser

Depending on the size of your group, you can divide into teams or you can choose to just let individuals take turns.

Players choose a word from the list and draw what it says while the members of their team (or others who are playing) try to guess what is being drawn. The words represent what you might see or take with you on a hike.

If you have a timer from another game, you could use that to set a time allotment for the person drawing.

Feel free to add your own words to the list!
